Okay – let me double check with Chris – he took a box of my stuff, I think to the City to be shredded, but it may be that yours is too much to move and we should just pay someone to come in. I may send him by there for you to show it to him. Do you want on the 2/1 agenda to get approval to destroy?

Lisa,

We are running out of storage room. We have years and years of old receipts and reports that do not require authorization from the Department of Archives to destroy. I would like to get approval from the Board to destroy these things to make room for more.

I will need Shreddit or some other company with a bigger shredder than I have to destroy them.
