The Villages

Nash Circle: Murphree Paving will provide the material, labor and equipment for installing the final surface lift of asphalt on the hatched areas as shown in the attached drawing.

Excludes:

Tax and bond

Any asphalt repair of failed subgrade prior to paving areas

Any concrete, drainage or utility work

Testing

Estimated 530 tons at 1-1/2" thickness on the main drive. 530 tons @ \$107 per ton = \$56,710.00
(Final bill will be based on actual asphalt installed per tickets submitted with bill)

Estimated 183 tons at 1-1/2" thickness on the side drives. 183 tons @ \$113 per ton = \$20,679.00
(Final bill will be based on actual asphalt installed per tickets submitted with bill)

Please feel free to give me a call with any questions that you have. Also we will be in Oxford on some other projects and can work you in if you're in a scheduling bind. Also I possibly could move up the Soeii projects some if that helps any.

Thanks,

Harrison Gregory
