

ORDER: APPROVE CHEMPRO FOR SPRAY CONTRACT

The Board next considered the awarding of a bid for herbicide spraying services on County right-of-way. The Request for Bids having been duly noticed, two bids were submitted: Chem Pro Services, Inc. in the amount of \$87,162.50, and Helena Agri-Enterprises, LLC in the amount of \$84,455.00. The Board was advised that the duly advertised Request for Bids included specifications which prohibited subcontracting for services within the scope of work and that Helena Agri-Enterprises, LLC represented that its services would be performed under a subcontract. Upon further discussion,

Motion was made by Brent Larson, duly seconded by Greg Bynum, to reject the bid submitted by Helena Agri-Enterprises, LLC as non-conforming with material bid requirements, and approve the bid submitted by Chem Pro Services, Inc.

The vote on the motion was as follows:

Supervisor Brent Larson, voted yes
Supervisor John Morgan, voted yes
Supervisor Tim Gordon, voted yes
Supervisor Scott Allen, voted yes
Supervisor Greg Bynum, voted yes

After the vote, President Larson, declared the motion carried, this the 3rd day of March, 2025.

REQUEST FOR BIDS

Lafayette County is requesting proposals (bids) from qualified contractors licensed by the Mississippi Department of Agriculture to provide herbicide spraying services on various roads throughout Lafayette County. The estimated quantity for grass suppression is 475 centerline miles of paved roads. Proposals (bids) must be submitted on the bid form provided herein, signed by an owner or officer and dated.

PRE-BID MEETING

No pre-bid meeting is scheduled

CONTRACT TERM

The term of the bid and contract between the County and the Contractor shall be for one year with an option to renew annually for two additional years at the awarded bid price for a total of up to three years. The contract shall become effective upon the award of the bid/contract and until either a notice of termination in writing is given by the County or no later than December 31, 2027. Lafayette County reserves the right to terminate the contract at any time if the successful bidder fails to meet the requirements stated in this RFB. The contract shall terminate absolutely and without further obligation at such time as appropriated and otherwise unobligated funds are no longer available to satisfy the obligations of the County under this contract. If, at any time, the County determines it is in its best interest to discontinue use of these services the County reserves the right to cancel this Agreement by giving thirty (30) days' advance written notice.

Lafayette County reserves the right to terminate the contract, with 30 days' written notice, for any violations in the terms of this agreement, rules, laws or unreconciled issues arising as a result of this agreement.

Exception to RFB

Each BID shall be deemed to agree to comply with all terms, conditions, specifications, and requirements of this RFB. An "exception" is defined as the Bidder's inability or unwillingness to meet a term, condition, specification, or requirement in the manner specified in the RFB. All exceptions taken must be identified and explained in writing in your bid and must specifically reference the relevant section(s) of this RFB. If the bidder provides an alternate solution when taking an exception to the requirement, the benefits of this alternative solution and impact, if any, on any part of the remainder of the bidder's solution, must be explained in detail. The specifications are minimum standards and not intended to exclude comparables of any domestic vendor/manufacturer. Any variances from the specifications must be equal to or better and must be specifically identified in the proposal(bid). It is the intent of Lafayette County that the "Contractor" submitting a bid for this RFB also be the applicator in this RFB. No "subcontracting" will be permitted.

Lafayette County reserves the right to choose the BEST OVERALL PROPOSAL from those submitted that will be the most beneficial for Lafayette County.

Rejection of Bids/Cancellation of RFB

Lafayette County reserves the right to reject any or all submissions, to waive any irregularity or informality in a submission, and to accept or reject any item or combination of items, when to do so would be to the advantage of the County. It is also within the right of the County to reject submissions that do not contain all elements and information requested in this document.

The County reserves the right to cancel this RFB at any time. The County will not be liable for any cost/losses incurred by the Contractors throughout this process. Please be sure to submit Two (2) complete originals with all pages in this Bid/Contract Document

SCOPE OF WORK

The term "Work" means the construction and services required by the Contract Documents, and includes all other labor, materials, equipment, and services provided by the Contractor to fulfill the Contractor's obligations to complete annual grass suppression on an estimated 328 centerline miles of paved roads.

General Specifications

a) Lafayette County is requesting bids from contractors licensed by the Mississippi Department of Agriculture to provide herbicide spraying services on various roads throughout Union County. The estimated quantity for grass suppression is 475 centerline miles of paved roads. The spray width for paved roads will vary from 10-15 feet from the edge of pavement. The contractor will be required to verify actual coverage areas prior to beginning work. Herbicides and surfactant should be combined and applied simultaneously as recommended by the manufacturer. Price is to include all costs incurred.

b) The intent of the suppression applications is to suppress seed head growth of grasses and eliminate undesirable weeds. A total kill is not acceptable. It is the desire of the County for this to be a no brownout program.

c) Contractor will provide up to two (2) herbicide treatments per year. One pre-emergent application in the winter, one spring/summer application.

1.) Cycle No. 1 (Pre-emergent Application)

a. Timing: November-March

b. Pre-emergent Application Rates:

- i. Accord XRT, or equivalent: 10 oz. per acre
- ii. Milestone VM, or equivalent: 3.5 oz. per acre
- iii. Oust, or equivalent: 1.5 oz. per acre

2.) Cycle No. 2 (Post-emergent Application)

a. Timing: April-August

b. Post-emergent Application Rates:

- i. Derigo 2 oz. per acre
- ii. Milestone VM, or equivalent: 3.5 oz. per acre
- iii. Spot Application where directed: Outrider, or equivalent: 1.3 oz. per acre with Accord XRT, or equivalent at 8 oz. per acre.

d) Contractor will ensure the handling and application of each herbicide is performed by a current Mississippi Department of Agriculture Application licenses, categories V (Aquatic Pest Control) and VI (Right of Way Pest Control). Contractor must provide current copies of licenses for all employees who will work under the terms of this contract with bid proposal. A supervisor will always be required to be present when spraying is conducted. Contractor will provide the name and telephone numbers of all supervisors prior to starting work.

e) Contractor will ensure that weather conditions are consistent for herbicide application as spraying during or immediately after a heavy rain fall or thunderstorm may weaken the overall effectiveness of the herbicide and cause unwanted runoff. If wind is greater than 10 MPH and/or rain is imminent, spraying must cease until weather conditions are more favorable.

f) Contractor will not allow drift. Do not use application when winds in the area exceed manufacturer's recommendation and the spray pattern cannot be kept on target. The spraying of residential or commercial property is prohibited. Contractor will be responsible for damage to private property, or County excluded property, if herbicide spray should damage such areas.

g) Before applying the herbicides and adjuvants to be used, Contractor shall read and adhere to manufacturers labels for additional information including: Safety Recommendations, Environmental Hazards, PPE, Equipment Calibration, First Aid, and Directions for Safe Use. Contractor will verify areas that do not require spraying such as areas of Right of Way that are commonly maintained by private property owners.

h) Contractor must maintain a daily log sheet of acres sprayed, herbicide rates, roads sprayed, and water usage. All information must be submitted to the County with the invoice at completion.

i) Contractor will provide their own traffic control and strictly adhere to the Manual on Uniform Traffic Control Devices (MUTCD), current edition. Special attention should be given to Section 6H-17. No separate payment will be made for traffic control as it is incidental to the work.

j) Contractor will be responsible for any accidental chemical spill and will maintain a spill plan and the truck will have a spill plan clean up kit on board. In the event of a spill the contractor will notify all appropriate environmental agencies and will be responsible for all cost and clean up associated with the spill.

k) Equipment will be washed and cleaned daily to avoid contamination of weeds and seeds and other vegetation in other routes. Cleaning of equipment on right of way is prohibited.

l) Night work is not permitted.

m) Contractor will follow all OSHA and Federal Highway Administration Safety Regulations.

n) The ability to complete work in a timely manner is extremely important to obtaining the desired results of the spray program. Please provide the number of contracts greater than greater than 300 miles that you **Currently** spray for and be prepared to discuss should you be awarded the contract.

o) Provide the number of spray trucks with tanks of 1,000 gallons or greater that can be used for the completion of this proposal.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

The ChemPro Advantage:

By selecting ChemPro Services as your Vegetation Management Contractor, our customers will enjoy a multi-dimensional advantage with our service offering. The tenets of these advantages include:

Company Qualifications: ChemPro Services has been managing vegetation in the Southeast for over twelve years. Our experience and operational knowledge have placed ChemPro Services at the top of our industry. Partnering with our company will build confidence, cultivate high standards, and produce quality results. We use a highly skilled workforce to deliver this tenet. Our reputation and ability qualify ChemPro for this partnership.

Safety: Safety is our highest priority. We understand that we are a working partner, and that many others are affected by our actions. We focus on Loss Prevention Self Assessments as a counter measure to unsafe environments. By asking *what can happen? How will this affect my peers? What can I do now to mitigate these risks?* We aim to prevent risks before they occur. In order to combat complacency, we hold regular safety meetings and discuss our efforts. Safety is the tenet that builds trust in our partnerships, by working and adopting safe work practices alongside our peers.

Environmental Respect: ChemPro Services shares the mindset of *RESPONSIBILITY* in regard to our environment. As Vegetation Managers, we always choose the least invasive methods when evaluating vegetation control issues. Many members of our team serve on committees and associations in our peer group, so that we are current on the issues of our times. By hiring ChemPro Services, you will stay informed of industry news and ahead of environmental issues.

Quality Equipment and Reliability: Our mainstay, in practice and in principal, is "to have the right tool for the job". With this belief in mind, we are proud of the equipment and infrastructure that we supply our work groups. We believe in quality, reliable equipment. We believe that having properly maintained equipment and a clean workspace is the cornerstone to a safe working environment. We impress upon our team the phrase: "there is always time to do it the right way". We commit to giving our Customer the best team with the best equipment, so they can do the best work.

Advanced Knowledge of Modern Technology: Most companies use modern technology when economically available or fully adopted by their industry. ChemPro Services, as a practice, uses the newest available technologies. These vary from new chemical molecules; GPS guided spray equipment, flow controlling computers, accounting software, various mapping technologies, and communication / file sharing applications.

ChemPro Value & Correlation to Safety: The descriptions below describe how ChemPro Services plans to effectively manage your vegetation. Working with ChemPro Services has other benefits that cannot be measured in nominal figures. These are safety benefits. Having a quality contractor like ChemPro Services, **Customers** will enjoy additional value that will be unlocked by our high-caliber tenets of operation.

ChemPro uses chemistry and experience to do a safer, better job.

Key Management and Technical Staff:

Our Operational Workgroups, Sales Team, and Management staff is composed of well - educated, degreed professionals. Over 75% of our company has a Bachelor's or advanced degree in many pertinent fields of study from the region's best and most decorated universities. With backgrounds in Agronomy, Horticulture, Herbicide Technology, Agriculture Information Sciences, Wildlife Management, and Environmental Science, you can anticipate a passion for our craft.

Request for Taxpayer Identification Number and Certification

Give Form to the
requester. Do not
send to the IRS.

► Go to www.irs.gov/FormW9 for instructions and the latest information.

Print or type.
See Specific Instructions on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

Chempro Services, Inc

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only one of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ►

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is not disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ►

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.

3311 Gulf Breeze Pkwy #350

Requester's name and address (optional)

6 City, state, and ZIP code

Gulf Breeze, FL 32563

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)
Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.

REQUEST FOR BIDS

Lafayette County is requesting proposals (bids) from qualified contractors licensed by the Mississippi Department of Agriculture to provide herbicide spraying services on various roads throughout Lafayette County. The estimated quantity for grass suppression is 475 centerline miles of paved roads. Proposals (bids) must be submitted on the bid form provided herein, signed by an owner or officer and dated.

PRE-BID MEETING

No pre-bid meeting is scheduled

CONTRACT TERM

The term of the bid and contract between the County and the Contractor shall be for one year with an option to renew annually for two additional years at the awarded bid price for a total of up to three years. The contract shall become effective upon the award of the bid/contract and until either a notice of termination in writing is given by the County or no later than December 31, 2027.

Lafayette County reserves the right to terminate the contract at any time if the successful bidder fails to meet the requirements stated in this RFB. The contract shall terminate absolutely and without further obligation at such time as appropriated and otherwise unobligated funds are no longer available to satisfy the obligations of the County under this contract. If, at any time, the County determines it is in its best interest to discontinue use of these services the County reserves the right to cancel this Agreement by giving thirty (30) days' advance written notice.

Lafayette County reserves the right to terminate the contract, with 30 days' written notice, for any violations in the terms of this agreement, rules, laws or unreconciled issues arising as a result of this agreement.

Exception to RFB

Each BID shall be deemed to agree to comply with all terms, conditions, specifications, and requirements of this RFB. An "exception" is defined as the Bidder's inability or unwillingness to meet a term, condition, specification, or requirement in the manner specified in the RFB. All exceptions taken must be identified and explained in writing in your bid and must specifically reference the relevant section(s) of this RFB. If the bidder provides an alternate solution when taking an exception to the requirement, the benefits of this alternative solution and impact, if any, on any part of the remainder of the bidder's solution, must be explained in detail. The specifications are minimum standards and not intended to exclude comparables of any domestic vendor/manufacture. Any variances from the specifications must be equal to or better and must be specifically identified in the proposal(bid). It is the intent of Lafayette County that the "Contractor" submitting a bid for this RFB also be the applicator in this RFB. No "subcontracting" will be permitted.

Lafayette County reserves the right to choose the BEST OVERALL PROPOSAL from those submitted that will be the most beneficial for Lafayette County.

Rejection of Bids/Cancellation of RFB

Lafayette County reserves the right to reject any or all submissions, to waive any irregularity or informality in a submission, and to accept or reject any item or combination of items, when to do so would be to the advantage of the County. It is also within the right of the County to reject submissions that do not contain all elements and information requested in this document.

The County reserves the right to cancel this RFB at any time. The County will not be liable for any cost/losses incurred by the Contractors throughout this process. Please be sure to submit Two (2) complete originals with all pages in this Bid/Contract Document

SCOPE OF WORK

The term "Work" means the construction and services required by the Contract Documents, and includes all other labor, materials, equipment, and services provided by the Contractor to fulfill the Contractor's obligations to complete annual grass suppression on an estimated 328 centerline miles of paved roads.

General Specifications

a) Lafayette County is requesting bids from contractors licensed by the Mississippi Department of Agriculture to provide herbicide spraying services on various roads throughout Union County. The estimated quantity for grass suppression is 475 centerline miles of paved roads. The spray width for paved roads will vary from 10-15 feet from the edge of pavement. The contractor will be required to verify actual coverage areas prior to beginning work. Herbicides and surfactant should be combined and applied simultaneously as recommended by the manufacturer. Price is to include all costs incurred.

b) The intent of the suppression applications is to suppress seed head growth of grasses and eliminate undesirable weeds. A total kill is not acceptable. It is the desire of the County for this to be a no brownout program.

c) Contractor will provide up to two (2) herbicide treatments per year. One pre-emergent application in the winter, one spring/summer application.

1.) Cycle No. 1 (Pre-emergent Application)

a. Timing: November-March

b. Pre-emergent Application Rates:

i. Accord XRT, or equivalent: 10 oz. per acre

ii. Milestone VM, or equivalent: 3.5 oz. per acre

iii. Oust, or equivalent: 1.5 oz. per acre

2.) Cycle No. 2 (Post-emergent Application)

a. Timing: April-August

b. Post-emergent Application Rates:

i. Derigo 2 oz. per acre

ii. Milestone VM, or equivalent: 3.5 oz. per acre

iii. Spot Application where directed: Outrider, or equivalent: 1.3 oz. per acre with Accord XRT, or equivalent at 8 oz. per acre.

d) Contractor will ensure the handling and application of each herbicide is performed by a current Mississippi Department of Agriculture Application licenses, categories V (Aquatic Pest Control) and VI (Right of Way Pest Control). Contractor must provide current copies of licenses for all employees who will work under the terms of this contract with bid proposal. A supervisor will always be required to be present when spraying is conducted. Contractor will provide the name and telephone numbers of all supervisors prior to starting work.

e) Contractor will ensure that weather conditions are consistent for herbicide application as spraying during or immediately after a heavy rain fall or thunderstorm may weaken the overall effectiveness of the herbicide and cause unwanted runoff. If wind is greater than 10 MPH and/or rain is imminent, spraying must cease until weather conditions are more favorable.

f) Contractor will not allow drift. Do not use application when winds in the area exceed manufacturer's recommendation and the spray pattern cannot be kept on target. The spraying of residential or commercial property is prohibited. Contractor will be responsible for damage to private property, or County excluded property, if herbicide spray should damage such areas.

g) Before applying the herbicides and adjuvants to be used, Contractor shall read and adhere to manufacturers labels for additional information including: Safety Recommendations, Environmental Hazards, PPE, Equipment Calibration, First Aid, and Directions for Safe Use. Contractor will verify areas that do not require spraying such as areas of Right of Way that are commonly maintained by private property owners.

h) Contractor must maintain a daily log sheet of acres sprayed, herbicide rates, roads sprayed, and water usage. All information must be submitted to the County with the invoice at completion.

i) Contractor will provide their own traffic control and strictly adhere to the Manual on Uniform Traffic Control Devices (MUTCD), current edition. Special attention should be given to Section 6H-17. No separate payment will be made for traffic control as it is incidental to the work.

j) Contractor will be responsible for any accidental chemical spill and will maintain a spill plan and the truck will have a spill plan clean up kit on board. In the event of a spill the contractor will notify all appropriate environmental agencies and will be responsible for all cost and clean up associated with the spill.

k) Equipment will be washed and cleaned daily to avoid contamination of weeds and seeds and other vegetation in other routes. Cleaning of equipment on right of way is prohibited.

l) Night work is not permitted.

m) Contractor will follow all OSHA and Federal Highway Administration Safety Regulations.

n) The ability to complete work in a timely manner is extremely important to obtaining the desired results of the spray program. Please provide the number of contracts greater than greater than 300 miles that you **Currently** spray for and be prepared to discuss should you be awarded the contract.

o) Provide the number of spray trucks with tanks of 1,000 gallons or greater that can be used for the completion of this proposal.
