Paul Lytle
Lafayette County Sheriff's Office
711 E Jackson Ave.
Oxford, MS 38655

Mr. Lytle,

J2 Software Solutions, d/b/a CivicEye, entered into contract to provide law enforcement records management, computer aided dispatch (Zetron), and jail records management (BluHorse), to the Lafayette County Sheriff's Office. This platform provides integrated workflows and interoperability to all functions of the Sheriff's Office.

CivicEye has provided a quote to Lafayette County to provide integration for Image Trend fire records management. As CivicEye is the current RMS/CAD/JMS provider we stand as the sole source for any outside integration into our existing system, and it will be necessary for Image Trend to integrate into the existing CivicEye solutions to provide the Fire Department with the necessary interoperability between CAD and fire. No other vendors have the ability or capacity to provide this service in CivicEye solutions.

Sincerely,

Gary Holliday
