Re: Sole Source Letter

To Whom It May Concern:

PowerDMS serves over 3,700 customers in the fields of law enforcement, fire, corrections, health care and elsewhere. This letter confirms that PowerDMS is the only cloud-based software as a service ("SaaS") platform that combines document management, training management and accreditation management, and electronically links that content to alert users whenever a change may impact compliance. Other capabilities, including side-by-side comparison and Public Facing Document functionality are unique to PowerDMS and empower customer organizations to reduce risk, increase efficiency, and drive accountability by simplifying how they manage their most crucial content.

The PowerDMS platform was developed "in-house" by PowerDMS, Inc., and all maintenance, new releases and applicable support for the platform is provided by PowerDMS, Inc. personnel. PowerDMS, Inc. does not grant any third party or any PowerDMS affiliate the right to distribute the PowerDMS system. Additionally, PowerDMS remains the only source from which PowerDMS professional services may be purchased.

Sincerely,

Scott Shapiro
