Lafayette County Fire
Department Fire Chief Wes
Anderson:

Thank you for allowing us to participate in the vendor selection process and giving us the opportunity to earn your business. This proposal packet has been assembled for you to keep as a reference as you work to select the best truck to serve the fire department and Lafayette County.

The specifications of this truck have derived from the many meetings and conversations to include the options that have been expressed to meet the wants and needs of the department. Please take note that these specifications are not part of a pre-packaged or base model truck but is instead a truly custom apparatus designed to meet the needs of the department for many years to come.

As you look throughout this proposal, you will notice that Pierce Manufacturing offers a wide range of fire apparatus designs, safety innovations, and certified testing documentation. As your dealer, you can rest assured service after the sale is our top priority. EEP has a large team of dedicated professionals to serve you, including a local service center less than 50 miles from the department. We guarantee that no other apparatus manufacturer or dealer will work harder for you throughout the entire life of the vehicle.

I highly recommend keeping the following items in mind as you make your vendor selection:

- Firefighter Safety
- Ease of Operation
- Proven Performance
- Truck Option Content
- Maintenance /Operational Cost
- Dealer Support

This proposal is outlined in sections containing the following items:

1. Proposal Pricing
2. Proposal Specifications
3. Warranties
4. Purchasing Terms
5. Certifications
6. Literature

Once again, thank you for this opportunity and we truly look forward to earning your business.

Sincerely,

Tucker Kuntz
Sales Representative

PERFORM. LIKE NO OTHER.
