ARTICLE XII

PLAN OF FINANCING

A. **SECURITY FOR THE TIF BONDS:** The TIF Plan provides for the City to issue up to Six

Million Six Hundred Thousand Dollars (\$6,600,000) in the TIF Bonds in one or more series which will be secured by the pledge of the Tax Increment; however, the County's participation shall be limited to the first Six Million Dollars (\$6,000,000) in TIF Bonds authorized by this TIF Plan. The TIF Bonds will be sized such that the Developer nets up to \$5,800,000 after all costs of the City and County are paid, such amount being based upon up to 75% of the actual and anticipated City Tax Increment necessary to service the debt on the Infrastructure Improvements and up to 75% of the actual and anticipated County Tax Increment necessary to service the debt on the costs of the Highway Improvements plus the percentage of the costs of issuance (including a debt service reserve fund and capitalized interest) attributable thereto with debt service coverage (if required by a purchaser of the TIF Bonds) first coming from the remaining pledged 25% of the TIF Revenues. Debt service coverage (if required by a purchaser of the TIF Bonds) will first come from the remaining pledged 25% of the Tax Increment.

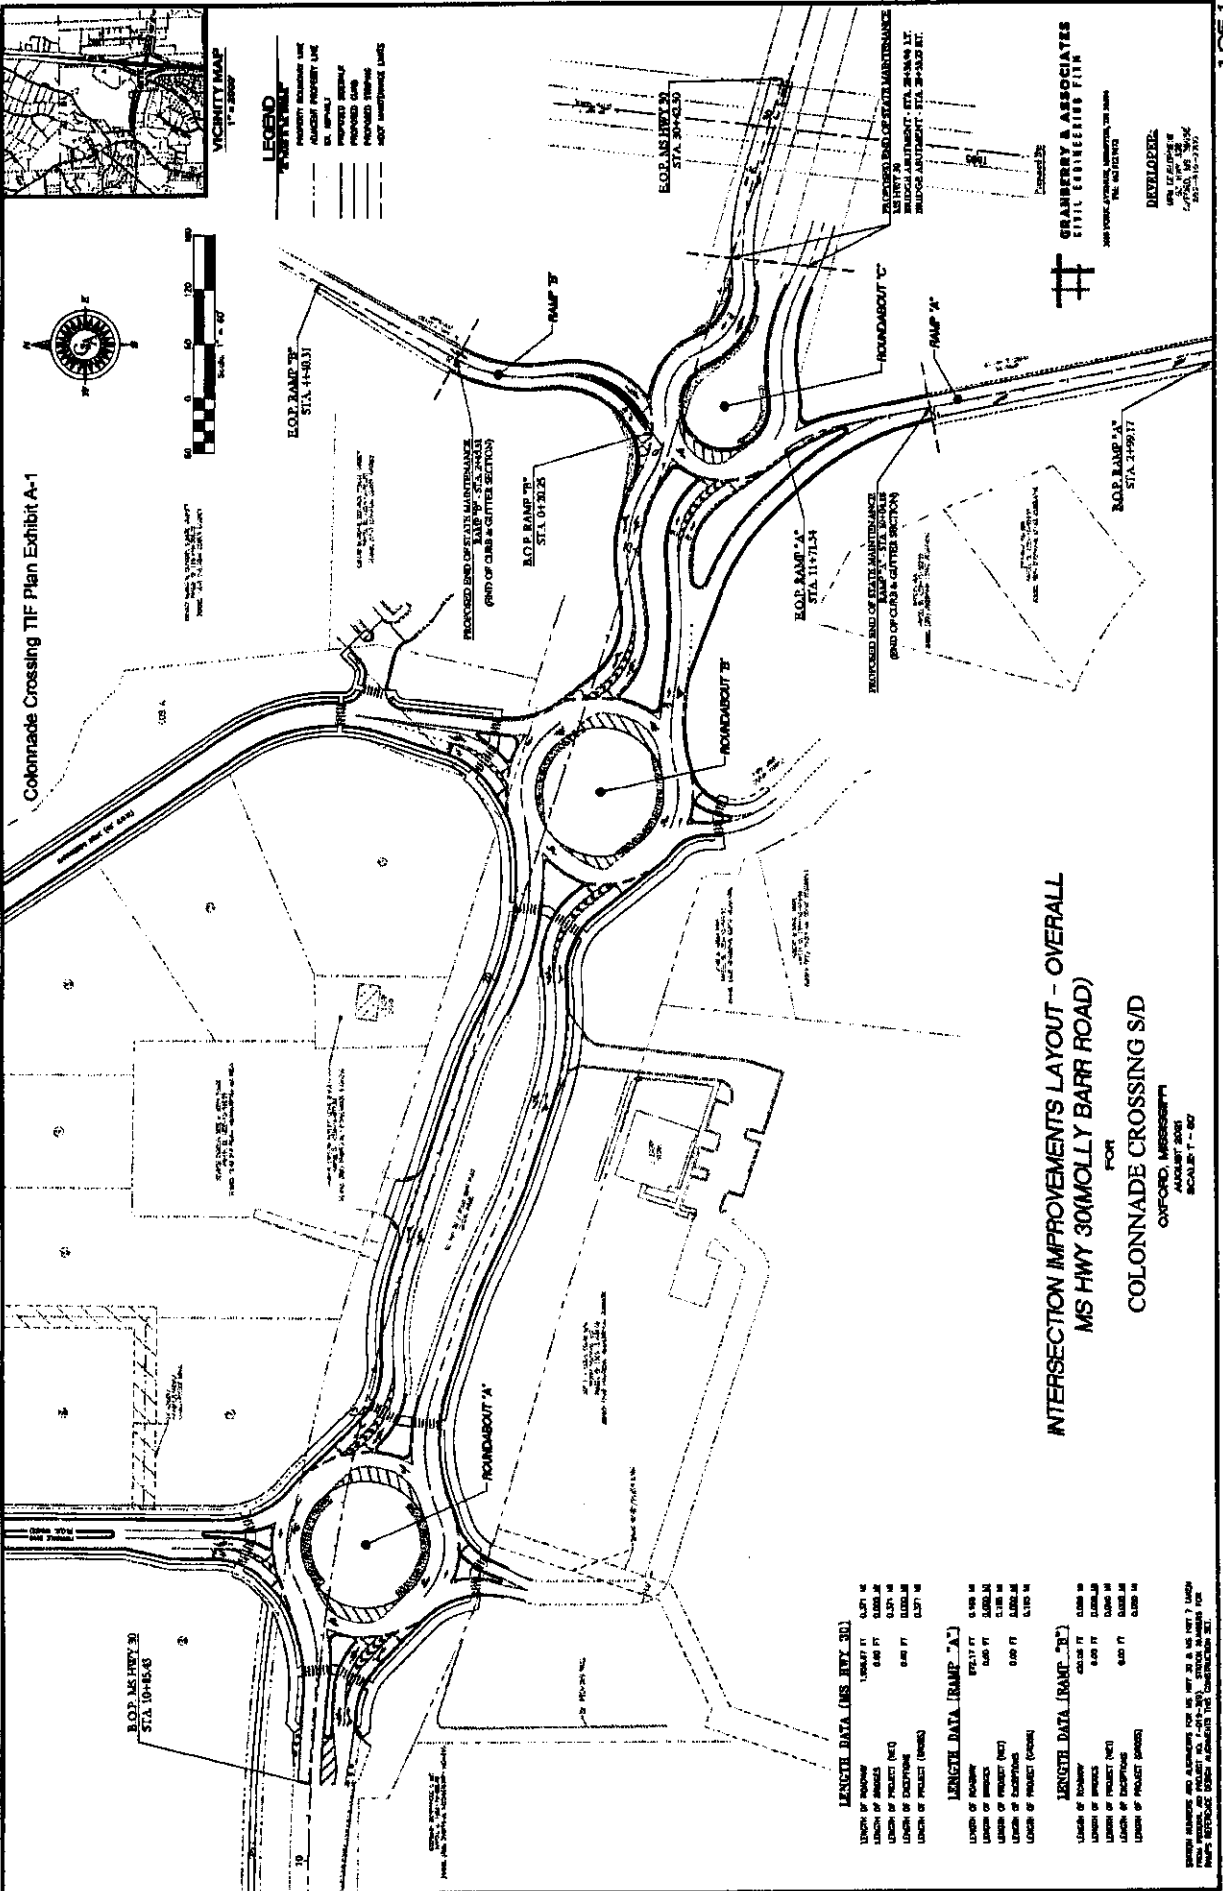

B. FURTHER PROCEEDINGS OF THE CITY: The City shall take such further actions as required for the implementation of the TIF Plan.

C. AMOUNT AND TIMING OF ISSUANCE: The amount and timing of the issuance of each series of TIF Bonds shall be determined pursuant to further proceedings of the City. The total amount of the TIF Bonds shall not exceed Six Million Six Hundred Thousand Dollars (\$6,600,000). The TIF Bonds may be issued in multiple tax-exempt or taxable series for a term not to exceed fifteen (15) years.
